To whom it may concern,

Please end the prosecution of Microsoft. It has gone far enough. I am not a Microsoft stock holder, however, I do believe that their ultimate costs, and thus their eventual cost of goods to me, will continue to go up if the government continues to litigate.

Instead, please pursue further treasonous actions by the Clinton administration, especially the quid-pro-quo with Loral, Inc. and the transfer of info to the Chinese. This is far more damaging to the security of the United States than Microsoft ever will be.

Thank you
